

Dimensions of ANGLE steel equal European standard EN 10025-1/2

MATERIAL: Hot rolled steel bars with equilateral angular cross-section (equal angles)

STEEL QUALITY: S235JR G2 a cc. to AI 10025 (R St 37.2 a cc. to DIN 17100).

LENGTH: Bar length 6 or 12 m .

TOLERANCES: Acc. to DIN 1028
